**Description**  
LOCTITE® SI 5140 is a translucent to milky white, viscous, alkoxy silicone potting compound and sealant liquid. The product is suitable for various electronic, military and industrial components. It resists weathering, moisture and ozone. LOCTITE® SI 5140 is also non-corrosive and self-leveling, and enhances the load-bearing and shock-absorbing characteristics of the bond area.

**Avantages**  
Can be used for potting, coating or sealing  
Resists weathering, moisture and ozone  
Non-corrosive  
Self-leveling  
Cures by room temperature vulcanizing  
Enhances load-bearing and shock-absorbing characteristics of the bond

**Caractéristiques**  
Silicone translucent/milky white potting compound and sealant. Retains properties even in severe environments.

## PRODUCT FEATURES

|           |               |
|-----------|---------------|
| Brand     | LOCTITE       |
| N° Ean13  | 3616060812865 |
| Type      | ETANCHEITE    |
| Weight    | 97 g          |
| Packaging | 1             |
| Use       | Silicone      |
